## Lincolnshire Primary Care Saying Thank You Campaign

Lincolnshire Primary Care staff work hard in often challenging circumstances to provide you with the care and treatment you need. Simply saying thank you really can make a world of difference.

"Those two simple words can brighten the most challenging day. It means more than you might imagine. Thank you."

*Matt, Primary Care Paramedic*

To leave a message of thanks to a member of staff for the care you have received, please scan the QR code below or ask at reception.

The Lincolnshire practice with the most messages of thanks (adjusted for patient population) by the end of March 2025 will win a prize!
